(Channeling begins)

Djwhal Khul here. Tashi Delek.

Now essentially Group Love translates to all families and communities. It might be a group you belong to, like your art group, or your quilting group or your sports team, etc. So when we focus on the concept of love, we are focused on self-love first and foremost.

And then we have other types of love. Like you might love the dog a certain way, you love that beautiful tree outside the window a certain way and you love your relationship partner a certain way, maybe love Spirit or Creation in a certain way, etc. When we focus on group love, this is something that if you decide to create it as a focal point, is integral to World Peace. So group love we can take of course to mean all of Humanity, however I would start with specifically a particular group.

Now it could be again whatever group energy you have already experienced group love in, and that group meaning two or more. Then stretch it a little bit. What about, maybe there is a particular terrorist group or a group that lobbies, you know, or maybe a group that is fundamentally in disagreement with who you are. You might think of them as an opposing force, and instead try focusing on group love as if you were the same energy inside that group. “How can I love this particular group? How can I be in a harmonious space?”

You might invoke that 4th Ray Attunement specifically to work with the various octaves of that green color that are very harmonious. And then keep working. Go on to another group. Maybe you don't like a particular political group or another specific group ... I am having trouble coming up with good examples, but basically any group that you would consider opposing and keep focusing until you get to that point of group love with that energy.

Then maybe take it bigger, like a whole city, you know, or maybe a whole state or province. Then maybe you want to go with a whole people like all of the Spanish people, or all of the Chinese people, etc. And then you may want to keep expanding until you really reach that feeling of group love with ALL of Humanity. That is a very important exercise toward the end result of World Peace, or a global state of harmony.

All right dear ones. This has been your Spirituality Article for this particular week. I hope you have found it helpful. As always, thank you and my love to you.
