(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. June 3, 2010. This week's Spirituality Article Information is very potent. We have upon us still some troubles with the oil which corresponds to draining too much fluid, just like you lost too much blood in your body. That is what it does to the Earth. It causes a lot of other things, more earthquakes, sinkholes, volcanoes, hurricanes, etc.

You have more than one going on, on the planet. We are going to have Jupiter and Uranus in Aries on June 8. There are actually several other things happening and an eclipse later.

Essentially what it is all boiling down to is much more psychic awareness developing within Humanity, organically. And it is always there for everyone, but it is actually coming out and developing now. That also indicates that the Higher Will, Divine Will, or Higher Will is going to come into being for many members of Humanity.

So for example, when you hear something deceitful on the news, or you think perhaps things are not being reported accurately, probably your hunch is correct. The Divine Will aspect will come in so strongly during this week that it will be intolerable. Truth will be tolerable, even if you don't like the news. But lies or deceit will be intolerable for most of Humanity.

Now we get into an interesting issue when the mind may be conditioned to think that some religious faction or some world leader or whatever, or corporate executives, what have you, the mind thinks they must be lying. Then sometimes you convince yourself that they are not telling the truth. Then this opening window, I think you are going to see, Truth for Truth and lies for lies.

So it should be a very interesting turnaround point for many things, many new changes coming about.

I would say in the way that things are done these days, just sharing information on Facebook, Twitter, etc. about what you want to see in the world, communicating to media and to government what you want to see in the world is very, very important.

Alright. So big turnabouts. Big surges of Divine Will. As a lightworker you may find yourself really accelerating into a new niche, a new direction. A lot of prosperity available as well with the Jupiter influence.

As always, thank you and my love to you,

Djwhal Khul
