And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to begin with a violet flame and purifying the energy field with as much violet flame as possible. Very important during this time period.

Then focus on peace. We have the Olympics going on and we have what I would call a lot of disturbances in the ethers, people specifically wanting to be very aggressive.

We're going to end up having both the Sun and the Moon in fire signs. So while the Sun is in Leo and the Moon is in Sag, that's going to be, again, kind of a weekend filled with a lot of fire.

Personally you can use it for accomplishing things or maybe just being passionate about what is going on in the world or whatever it is.

And then of course for global reasons, we want to really put in that request for peaceful coexistence amongst all sentient beings.

That's it. Just a very short article this week.

As always, thank you and my love to you,

Djwhal Khul
